## The Dimmer View

BY MAX GOODWIN

Assemblyman Sheridan Hegland is spittin' mad. He madder than I've seen him since the time he and I had an election ruckus after which he got even with me by transferring the mailing of all the booklets the State prints to the office of the then Justice of the Peace Luther Hussey.

We ran a little yarn about it at the time advising those who wished to know about the inner workings of the State's myriad committees could gain the knowledge by visiting Judge Hussey's office and thumbing through the stack. We later referred to that office as the Lemon Grove Civic Center, but that's another story.

Ole' Heg is mad now at State Architect Anson Boyd. Boyd has just arbitrarily reduced the seating capacity of Mt. Miguel High School gymnasium by half. He did this on a whim and he's using Joe Yockers, a good but apparently not-so-smart State Fire Marshall as fall guy.

The high school gymnasium was built under the guidance of the state architect, as is all public school buildings. Approval of Miguel included the gymnasium with a seating capacity of 1,000. When seats were ordered, Boyd rejected the bid for 1,000 seats, reducing the capacity to 500. Hegland says he did this retroactively since he had already approved the building for 1,000.

Boyd lays it on the Fire Marshall saying that Yockers approved then later rejected the building for 1,000 capacity. Both Yockers and Boyd have approved a similar gymnasium in Pomona for 1,000. They also OK'd Mission Bay and Crawford high school gymnasiums in San Diego. They are identical to ours.

Now the State boys say the gymnasium should have been constructed of reinforced concrete for 1,000 capacity. The wood construction (which they originally approved) must house no more than 500. They gymnasium doors must be closed after 500 persons enter the building which is a silly condition to impose on 1,500 Mt. Miguel students and whatever taxpayers and residents who attempt to enter.

To do this to a building which was designed and even approved for 1,000 persons is proof of governmental waste and bureaucracy in its most wild and wanton form.

Yockers will probably stand behind his desire to "save the lives of our children" from a danger he must likewise contrive.

Hegland says he was assured that the Field Earthquake Act which was reluctantly accepted because of state control over local schools, was to have been the (Continued on Page 7)

## Grove Boys, 15 and 16, Arrested For Auto Theft

Auto reported stolen from Raymond Posednik, a plastering superintendent, of 3246 Acacia Street, Lemon Grove, was recovered last week by sheriff's deputies in Nevada.

A federal charge of auto theft has been lodged against two runaway Lemon Grove boys, 15 and 16.

San Diego Sheriff's Deputy Lt. L. C. Earnest said that the boys could be prosecuted in Nevada under the Dyer Act, which prohibits taking a stolen car across a state line but they would probably be returned to San Diego to be handled as juveniles.

Posednik said that the boys pushed the car out of the driveway Monday night. The keys had been left in the car, a 98 Oldsmobile.

Sheriff's Deputy Don Bryan, of Lemon Grove, who is handling the theft locally, said one of the boys had been involved in several scrapes prior to his arrest in Nevada. He has a petty theft and a burglary charge on his record already.

The boys robbed two stores and a filling station during the escapade. They were arrested at Hawthorne, Nevada.

GROUND BREAKING CEREMONIES for 211 homes are held at San Altos unit two, and building industries celebrities are in attendance. Left to right are Jack Thompson, president of the S.D. Federal Savings and Loan Association; Fay Hartman, S.D. District Director of FHA; David Bird, supervisor; Sam Harris, of Herziger-Harris Builders, developer of San Altos Terrace, and George Johnson, County Planning Commissioner. When unit two is completed, unit three with 160 homes will be started, according to Harris. In the three units will be 561 houses, representing an investment of 9 million dollars.

Furnished models will be ready in June and the houses will be ready for occupancy by late summer. Prices are in the \$16,000 range with \$1,250 down and rent-like terms. Both FHA and conventional financing will be available. A new 12 classroom San Altos elementary school is scheduled for completion in time for the 1958-59 school year. Homes are to be in farm, modern, and provincial styling, 3 and 4 bedrooms and with two baths.

## L.G. Library May Boost County Tax Rate

SAN DIEGO (County News Service) — "While we're on the subject of libraries, what's happening at Lemon Grove?" asked Board Member Robert C. Dent at Tuesday's meeting of Supervisors.

"Absolutely nothing," answered Supervisor Dave Bird. The Board of Supervisors had just voted to lease a building in Imperial Beach for a library to replace the one serving the area being absorbed into the City of San Diego system.

"We've just got to find a way to raise the money for the Lemon Grove Library," Bird said. "We had \$70,000 to build a library, but the state now says we can't use general funds for a library. And we can't build anything with the 7-cent library tax."

"Can't we float a bond issue?" Dent asked.

But Supervisors then agreed the rest of the county's voters were unlikely to approve a bond issue for a Lemon Grove library. T. M. Hegland pointed out that the tax limit for library use was 30 cents.

Questioned later, Frances Hahn, county librarian, was more optimistic about Lemon Grove's library prospects.

"It's just a matter of taking time to find the money," she said. "But Lemon Grove is going to have its library. We have a nice

## Grove Man, Seeking Lost Fliers, Dies In Crash

A Lemon Grove trailer court resident, Andrew T. Fruth, 47, who lived with his wife, Susan, at the Costa Bella Trailer Villa, 3640 Costabella, died Sunday in the crash of a private plane while he was searching for a couple missing on a flight from Florida. Two other persons died with Fruth. They are L. M. Lewis, 49, of El Cajon, pilot of the private plane and Carl Overstreet, 24, also of El Cajon.

Fruth is a crop-duster who shuttles between San Diego and Minnesota. He was employed in San Diego as a construction firm

## Sun-Blinded Driver Hits Students

Two Spring Valley boys; Russell Torge, 15, of 9846 La Cresta Drive and Jack Diaz, 16, of 9421 Vista Drive Mt. Miguel High School students, were slightly injured by a car last Tuesday morning, as they were waiting with other students for the school bus at the corner of Upland Drive and La Mar Street.

According to the California Highway Patrol, a car driven by Francis K. Conley of 9350 La Mar Street, was going east on La Mar Street when it ran into the boys. The reports stated that Conley said he didn't see the boys until after the impact. He said the sun blinded him. The two boys were taken to Grossmont Hospital and soon afterward released.

Young Torge's mother said her son was knocked onto the hood of the car and had his leg muscles injured. Mrs. Fred Diaz, mother of the other boy, said he was knocked into the air and came down on his back, injuring it near the spine.

## Mrs. Cronquist Succumbs At 73

Mrs. Roxy Cronquist, 73, of 3452 Massachusetts Avenue, Lemon Grove died last week in the Grossmont Hospital after a long illness of cancer. She spent nine months in the hospital last spring after a spinal operation.

She was born in Colorado Springs where she taught school for many years. She also ran a private school for handicapped children in Long Beach before moving here in 1941.

She attended church at Bethesda Lutheran, 25th and E Streets in San Diego.

She is survived by her husband, Albert, a daughter, Mrs. Margaret Pavich in Colorado and a son in Long Beach. Services were held at the Erickson-Anderson Mortuary followed by cremation.

Lemon Grove Chamber of Commerce last week gave the nod to John M. Johnston, community campaign director of Long Beach for handling the program by which an election on incorporating Lemon Grove into a general law city may be called.

Ernest Newton, chamber president, said Johnston has been instructed to set up a budget "cleaned of all super cial expenditures" and be prepared to start the machinery rolling by mid-March for bringing about an election late this year.

Johnston is a professional incorporator and has successfully directed the campaign of seven other California cities.

"Lemon Grove will be one of the first communities to attempt to become a sixth class city since the new sales tax legislation has been put into law," said James Spears, head of the finance committee. This will make it more desirable because \$265,000.00 will be taken from Lemon Grove this year via the increased sales tax for county general fund purposes. Little of this will be returned to Lemon Grove. As a city, every penny of it would be returned for improvements locally.

Spears, together with Robert Vaught, camera shop owner, has been charged by the chamber with setting up the program by which "shares" in the future of the community will be "sold" to those who would contribute to bringing about the incorporation election.

A chamber committee for determining whether anyone locally qualified and willing to handle the incorporation machinery could be found, returned a negative report.

## School Board To Study New State Laws

The Lemon Grove School Board hopes to award the San Altos School contract to I. C. Curry, Inc., Monday night. Curry's low bid of \$352,000 is now awaiting final approval of various local, state and federal agencies governing school building construction.

The crowded agenda lists Board revision of certain established policies which must be adjusted to conform with present laws enacted during the 1957 session of the State Legislature. A preliminary report dealing with other policies will be presented by John Winterhouse, chairman of the district teachers' salary and finance committee. Members will also consider the need for new services to pupils including a junior high library, district psychologist, and a teacher consultant.

Execution of a lease with San Diego County on five lots adjacent to the Monterey Heights School is scheduled. This land would then be made available for Little League activities.

## Safety To Be Emphasized For Clean-up Week

Clean-Up, Fix-Up, Paint-Up Week will be marked in Lemon Grove starting February 24 and the Lemon Grove Fire Department will give advice, guidance, and in some cases assistance in making the community a safer and more attractive place to live.

Fire Chief H. Hensley said that the Department's inspector would visit homes in the fire district, upon request, and inspect gas and electric appliances for safety. He said this service is furnished free and without obligation.

He added that weed control now will avert a possible brush fire during the dry summer months.

Many local business firms will offer supplies and equipment related to Clean-Up, Fix-Up and Paint-Up Week in the columns of this newspaper. Watch for the special issue on this vital community project next week.

## La Presa Water Works Project Started

Ground was broken Monday for the area's newest water district, the La Presa County Water District. The District will spend \$850,000 to spread water to 3,300 acres of land east of Sweetwater Reservoir and west of La Presa airport.

The facility was formed within the Otay Municipal Water District when property owners and including Ralph Barger, of Spring Valley, president of the Otay district, asked that part of the Otay water entitlement be given for the development of the north area. The Otay board of directors agreed when Fred Hansen, principle land owner, pointed out that such development would increase assessed valuation within the boundaries of the 55,000 acres stretch of the Otay District. Hansen was subsequently elected chairman of the board of the La Presa District.

Voters of the district, which was formed in June last year, approved an \$850,000 bond issue to build a water system. On January 15, \$270,000 of the bonds were sold. This money will be used to finance construction of the initial portion including pumps, a chlorinator, a steel-tank reservoir and three miles of water lines.

Also at the ceremonies was Fred Hellbron, chairman of the County Water Authority who said the county will have enough water for the next 10 or 15 years if the water is properly managed and the maximum amount of Colorado River water is brought by county agencies.

On hand for the ground breaking were more than 150 persons

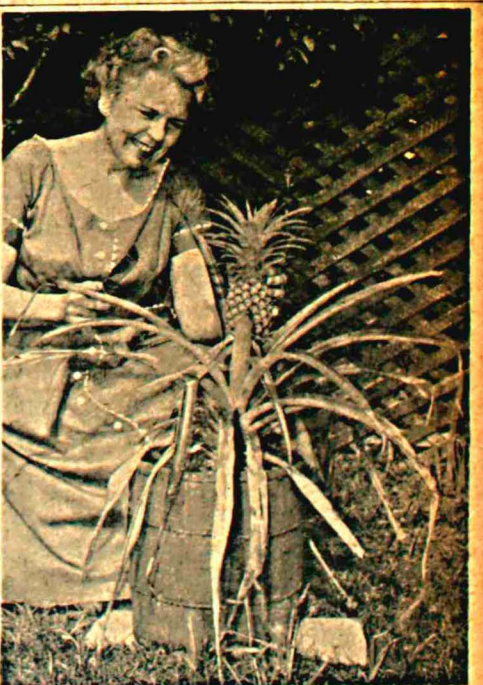

## Supervisors Adamant On Sewer Plant Penalty

SAN DIEGO (County News Service) — The controversy between the contractor building the Spring Valley Sanitation District's sewage treatment plant and the County of San Diego raged on this week.

The latest episode in a battle that is costing the contractor \$250 per day in penalties and the residents of Spring Valley use of John Knowles, attorney for contractor Ted R. Gregory, had informed that the sewage treatment demanded to know when his project was ready to work. Supervisor's disapproved.

Knowles, who practices in Laguna Beach, came to San Diego last Friday at a hearing scheduled to air the delay in his client's project. The hearing had been called off, but he had not been informed. He described the oversight as another instance of the lack of consideration he and his

"ANYONE FOR SALAD?" asks Mrs. Frank O'Connor, of 8365 Mt. Vernon as she contemplates the prospects of Hawaiian fruit salad when a pineapple bush she planted experimentally bears fruit.

Mrs. O'Connor, who is secretary to the business manager of the Lemon Grove School District said she wanted to see if Hawaii had anything in the way of climate that Lemon Grove did not, so she planted the tops of a couple of store-bought pineapples. Only one bore fruit, however.

It is interesting to note that the pineapple is flourishing at the same time as reports of the severest winter in history are received from back east.

### DOGS CHARGED WITH DAMAGE IN VALLEY

Everyone is on the lookout for the person or persons responsible for the Spring Valley dog poisonings. But, at the same time some of the "live" Spring Valley dogs are doing some damage on their own.

In the February 5 issue of the Spring Valley BULLETIN, there was a letter from Mr. and Mrs. Henry Totten of Golf Drive, telling about a big, black dog doing damage to their sheep. So far the dog has not been apprehended.

Then last week, this paper received a call from Tom Galloway, down at 2402 Central Avenue, saying a couple of dogs (he thought maybe there were two) had gotten into his yard and de-

Galloway stated that another man on Ildica Street had lost 24 chickens, due to dogs breaking into his chicken house. Galloway said he was informed the dogs were German Police and had come from somewhere east of Helix Street. But no one has reported seeing these dogs.

## McMahan's To Build Circular Store In County

McMahan's Furniture Store, a  
unit of which is in Lemon Grove  
at Broadway and Olive, will be-  
gin construction of a new depart-  
ment in retail sales building in  
downtown Vista.

Air conditioned, circular shaped  
and glass walled, measuring  
113 feet in diameter, it will have  
over 10,000 square feet of usable  
floor space. A marquee, 10-foot-  
wide will circle the building, ex-  
tending out to cover a 6-foot-  
wide walkway which will sur-

round the structure. Four pairs  
of glass doors will be spaced  
around the building.

Customers may either drive or  
walk around the building to ex-  
amine the window displays. Over  
3,400 square feet of plate glass  
will be used.

Paul G. Jacot, San Diego civil  
engineer, designed the building.  
Ries Construction Company will  
build it.

According to Jack McMahan,  
firm's president, this is the first  
furniture store in the nation to  
be designed for the convenience  
of both motorists and pedestrians.  
It has attracted quite a bit of  
attention among the nation's re-  
tail furniture leaders. "We've  
been asked to supply articles  
about our new store to a number  
of furniture industry's most im-  
portant trade papers," he said.

## Miguel Host To S. Cal. Wrestling Competition

Mount Miguel High will be the scene of the S. C. I. F. quarter-final wrestling championships this week on Friday.

Wrestlers from fourteen Southern California schools will converge on Lemon Grove's new high school for the important elimination meet which will be held in two sessions.

Mount Miguel has become a powerful wrestling school in its first year. The Matadors won the Metro League championship, going through their schedule undefeated. Last week Miguel smothered El Cajon, 33-10, to clinch the championship. This marked Mt. Miguel's first league championship in any sport.

No admissions will be charged for the afternoon sessions of Friday's quarterfinals, which start at 1:00 p.m. The evening session will begin at 7:30. Adult admission will be 50 cents and student admission 25 cents.

The top four wrestlers in each weight class will go on to the semi-finals at Crawford High on February 28. The finals will be March 7 at Redondo.

Schools competing Friday at Mt. Miguel include Banning, Chula Vista, Colton, Coronado, El Cajon, Escondido, Grossmont, Helix, Mt. Miguel, Pacific, Redlands, San Bernardino, Snyder and Vista. About 168 wrestlers are expected.

### What's Doing At Mt. Miguel

by Mary Conlee

The Mt. Miguel Speech Arts Department will present "I Remember Mama" on March 7 and 8. Mrs. Jean Temp, drama teacher, is the director. The main parts are held by Paul Mitchell, Marriely Whitehurst, Mary McCray, Kris Amundson, Tom Frisque, David Gallagher, Susy De Groot, Janice Togerson, and Kathy Nagle. Assistant director is Bob Lewis and Bette Long is stage manager. The stage crew is headed by Steve Taylor.

—Mount Miguel—

The basketball team will play its last league game this week on Thursday at 3:00 p.m. against El Cajon at Miguel. The Jr. Varsity will play at 4:30. The games have been moved from Friday because of the quarter-finals in wrestling to be held at Miguel all day tomorrow.

—Mount Miguel—

A girls' basketball team has been started by Miss Jane Trude, girls physical education teacher. The team meets on Wednesday nights in the gymnasium. Any girl at Miguel may try out for the team.

Also a modern dance group has been organized. It meets each Tuesday from 3:00 to 4:30 p.m. in the girls' gym. Miss Sue Miller is the instructor.

### Grove Seaman Out To Sea

BREMERTON, WASH. (Spcl.) — David D. Zastoupil, seaman apprentice, USN, son of Mr. and Mrs. R. W. Zastoupil of 8401 Roy St., Lemon Grove, is taking part in special training exercises in the Pacific Ocean aboard the attack aircraft carrier USS Midway. The exercises, aimed at bringing the ship to peak performance levels, will last throughout February and for three weeks of March.

One of the final phases of the underway training will be flight operations in mid-March. This will be the first time the ship has launched and recovered planes from her flight deck since her recommissioning last September.

The huge ship is scheduled to return to the Bremerton Naval Shipyards at the end of March to undergo a six-week post shake-down yard period. She is scheduled to go to the Far East in August.

## Free Smorgasbord For Michael's Open House

Curtain will be raised on a newly redecorated and refurbished Michael's Restaurant, 7828 Broadway next week when "open house" festivities will be held on Tuesday to show what \$30,000 worth of labor and material can do.

The Capri and Mardi Gras rooms have been added by rearranging original floor space. These will be cocktail rooms with dancing and entertainment featured in the Mardi Gras room. Other rooms, are the Acapulco, the Coral, the Flamingo and the Outrigger.

During the celebration, the firm's owners will provide free entertainment and food for visitors and well-wishers from 3 p.m. till 2 a.m. Some of the features include Michael's famous smorgasbord all day and free dancing in two of the organization's six dining rooms. Sammy Santos' orchestra will provide dance music. Alice Wallace, popular organist, is making her first appearance since her near-fatal auto accident last year. Carol Bucher, another instrumentalist, will also entertain.

Michael's, late last year was reorganized when Joe Papitto and Ray Johnston, co-owners of the Aztec Fence Company bought half interest from Henry Goldy. Part of the plans at the time were for extensive remodeling.

Goldy, several years ago, revealed plans for stringing Michael's Restaurants across the nation with tentative plans for La Jolla, Las Vegas, Miami and Hawaii. Firm members said the plan was not entirely dead.

**16 MILLION CONTRIBUTED BY WEST COAST ADVENTISTS** GLENDALE (Spcl.) — West Coast Seventh-day Adventists report a contribution record of \$16,060,579.60 (sixteen million) in tithes, missions and expense offerings during 1957, according to W. J. Blacker, secretary-treasurer of the denomination's Pacific Union Conference.

This represents an increase of eight percent over 1956, and a per capita gift of \$231.44 in 1957 on the part of the 69,393 adult Seventh-day Adventists in 379 congregations in the Pacific Union area.

## 'Mama' To Be Miguel Stage Presentation

Despite a slightly befuddled cat who persists in getting lost at the moment she is needed most, rehearsals for Mt. Miguel's "I Remember Mama" are running according to schedule. The play will be presented March 7-8.

As the cast and crews swing into the last three weeks of work, signs of intense activity have begun to appear. Some fifteen crew members celebrated Lincoln's birthday with paint brushes and hammers, brooms and typewriters. While John Cornelius and several members of the stage crew hauled cement blocks and planks up to school, Patsy Boggs, Lynda Epperson, Lynda Nystedt and David Nachison painted scenery. While the stage area received a housecleaning before the kitchen platform was set up (thanks to Richard Varner and David Nachison), Jo Ann Lantz and Bob Lewis spent several hours typing program advertising for the program dummy, a complicated first step in a big job. Barbara Thorson supervised the sorting and cataloging of sheets of gelatin to be used for the many lighting changes required by the play, which has over 15 different scenes. Donna Ray worked on costumes with Karen McKinney, Susan Stevens, and Janice Mitchell.

The properties crew is still looking for an old-fashioned, small-sized wood cookstove and a 1905-10 vintage baby buggy. People with costumes and properties to loan or give away are urged to contact Mrs. Jean Temp at HO 3-5551.

Tickets for the play will go on sale next week. Evening theatre-goers will pay \$1. Students with ASB cards may see the play for 50 cents at a special matinee performance. The play will be presented March 7-8. Curtain time is 8:15 p.m.

**STYLES — CARDS TO BE REBEKA PROGRAM** Mesa Jewel Rebekah Lodge number 409 will hold a combined card party and style show March 11 at Veterans' War Memorial Building in Balboa Park. Styles will be supplied by Marsi's in Lemon Grove. The affair starts at 12. Reservations can be made at AT 1-5408.

**THELMA WALTERS HOME ECONOMIST OF THE SAN DIEGO GAS & ELECTRIC COMPANY SUGGESTS:**

If you're finding that your food dollar doesn't seem to stretch as far as it has in the past, you'll undoubtedly want to attend "Delicious Budget Meals", the next in the "Better Living... Automatically" series of programs, to be presented Tuesday, February 25, at the San Diego Gas & Electric Company's Eastern District Office auditorium, at 104 North Jackson Street, El Cajon. It will be held from 1:30 to 3:30 p.m.

Do you sometimes find your housekeeping money at low ebb near month end and you're at a loss as to what you can serve your family in the way of appetizing meals? Has the unexpected arrival of guests occasionally found you in this same out-of-funds, embarrassing situation?

If so, you'll surely be interested in hearing about some happy solutions to such predicaments. At this meeting, I'm planning to prepare at least two satisfyingly delicious and nutritious meals that can be served inexpensively. And I'll also show you how eye-appeal can add glamour to such run-of-the-mill meat dishes as the lowly hamburger and the prosaic pot roast. I'll demonstrate how the use of a bit of imagination can produce an exciting tasty dessert from the most ordinary ingredients.

In addition to this revelation of the secrets of inexpensive meal preparation, there'll also be a laundering demonstration that will answer many questions you may have on this homemaking subject. An expert will be there to show you tried-and-tested methods that will not only get more satisfying laundering results, but that also save wear and tear on clothes and therefore money. I'll be looking forward to sharing all of this useful information with you at next Tuesday's meeting.

## Mt. Miguel Year Book Editors To Honor Mathematicians

Mount Miguel High School is taking several steps to provide more incentive and develop more recognition for future scientists and mathematicians.

Highly interesting advanced courses in science and math for the able students will be presented and a section will be set aside in the first Mount Miguel Yearbook to recognize the academic achievements of the three top people in math and science. The highest achievers in the two fields will also be recognized by awards of a practical nature... slide rules.

The Spring Valley Fire Department Auxiliary will present these slide rules. Other service clubs in the Spring Valley-Lemon Grove area are invited to participate by subsidizing the cost of slide rules for the four remaining students to be recognized.

It is felt that it will be necessary for the school and public to provide every incentive possible if young people are to be directed in the fields of mathematics and science.

## Episcopal Diocese Possible For S.D.

The 63rd Annual Convention of the Episcopal Diocese of Los Angeles was a huge success, according to Rev. J. Phillip Bartlett, Vicar of St. Philip's Episcopal Church, Palm at Hardy, Lemon Grove. A committee was appointed to make a long range study of the possibility of establishing a San Diego Diocese in the future. The reports of its findings will be made at future conventions. An important issue was the adoption of a Capital Fund Assessment to be used for Missionary Expansion in Southern California. The Rt. Rev. Sumner Francis D. Walters, Bishop of San Joaquin, spoke.

The Annual World Day of Prayer Service will be held this week on Friday at 10 a.m. at St. Philip's with representative women of seven local churches in charge. Nursery care will be provided. The Rev. Orval C. Butcher of Wesleyan Methodist Church on Skyline will sing "How Great Thou Art," by Kline. Rev. Walter Smith, pastor of the 1st Congregational Church will pronounce the benediction.

social committee. Guests of the day were Mrs. Rita Hulett, Esther Harvie, Melba Danner, Grace McGowan, Patricia Jespersen, Edna Pack, Serene Smith, Jacqueline Lindeneau, and Mary Loomis. Also Jay Eskridge.

# HOME BOOM SET FOR VALLEY

Two big housing projects are slated to begin operation in Spring Valley in the near future.

Heavy equipment is now working on the ground of a 91 acre tract south of Campo Road and on the west end of Del Rio Road. The area was formerly owned by developer Fred Hansen and has been used as an area for truck gardening. The new owners of the 91 acres is the El Camesa Company, chairmaned by Louis Butterfield, area contractor. Arnold Dahl, another area contractor is also on the board. According to Dahl, it will be sometime before the actual home construction will begin, as there is much paper work still to be done.

The other project has to do with South Spring Valley. Ray Swamer, San Diego manager for the Bollenbacher and Kelton builders, said last week that his firm has purchased the 75 acres in South Spring Valley, now occupied by the La Presa Airport. Construction of homes on that land is still a "paper project," according to Swamer.

Bollenbacher and Kelton's holdings in the South Spring Valley area amount to about 420 acres. Construction of several hundred homes will start on the land as soon as several technicalities are cleared up. Most of the B and K land runs from in back of the Mt. Miguel High School all the way south to near the Sweetwater Wrecking Yard. One re-

port sets 3,100 homes as the total for the Sweetwater project. Bollenbacher and Kelton are the developers of Allied Gardens and Emerald Hills.

## Area People To Handle Tickets For State Secretary Nominee

A Los Angeles attorney, Henry P. Lopez, will launch his formal campaign this week on Friday at a dinner at the U.S. Grant Hotel. Lopez, a Harvard trained lawyer, says he thinks the Jordan family has had a Republican stronghold on the office of Secretary of State long enough.

Republican incumbent Frank W. Jordan and his late father Frank C. Jordan, have occupied the office of Secretary of State in California for 45 years.

A Phi Beta Kappa student at Denver University, Lopez attended the graduate school of economics at Harvard and got his law degree in 1948. He entered private practice in Los Angeles serving as legal consultant for the National Labor Relations Board for a brief time. Politically, he headed the L.A. Young Democrats in 1950-51 and has been active in various campaigns by Democratic candidates. He received the California Democratic Council of Clubs endorsement at Fresno in January.

Dinner tickets can be obtained through the following local people: Zella Crown, Jim McAllister, Mary Turner and A. E. Auiler, or through the Democratic Headquarters by calling Louise Darby at BE 3-8803 and BE 9-8097. Tickets are \$5.00 per plate.

**HELIX NOMINATING CONVENTION WINNERS NAMED**  
Bart Roggensack and Don Taylor were selected as candidates for Helix High School's ASB president during the Seventh Annual Helix Nominating Convention held last week.

Bill Turple and Bob White were nominated for ASB vice-president on the second ballot.

The keynote speaker, Dr. Joseph Pennepacker, professor of philosophy at Cal Western University, spoke on the topic "You Are It."

## Incorporation Election Seen This Year

(Continued)  
tive report prior to the decision to acquire Johnston's services. Jack Durham, local insurance man, who heads this committee said that a thorough search in the community developed no prospects.

Meanwhile, Vaught and Spears reported "stock" sales as "brisk" and that a tentative goal of \$10,000.00 by the time the Johnston organization moves onto the scene had been set. The Johnston firm indicated they would require \$1,000 a month and estimated the campaign would take as much as eight months.

**FREE PARKING**  
A heated discussion on business firms using patrons' parking spaces took up part of last week's meeting time. Charge was made that some owners and employees park in front of their own shop 8 or 9 hours daily, thus defeating their own desire to increase their business. This space could be turned over 25 to 30 times a day for customer use, the board of directors agreed.

A letter was ordered sent to each business firm requesting owner-employee parking be done in the rear of their own shop, or along the railway tracks on Imperial in the area acquired and maintained for this purpose by the Business Women's League.

## Supervisors Adamant On Sewer Penalty

(Continued)  
client have received at county hands.

Supervisors, at the meeting of the Tuesday before, had set the hearing to get results of tests of the plant. When the contractor was unable to proceed with the tests, the hearing was cancelled.

Complaints about sewer lines were also aired before Supervisors this week. Only in the case of J. D. Vanlandingham did they find the protests justified. They agreed to hold the protest hearing open until Friday at 10 a.m., by which time it was hoped the driveway of the Vanlandingham's would be completed.

A. N. Wiman appeared before Supervisors to protest dismissal of his complaint. A flower bed in front of his house had been destroyed. The engineer's report said the flowers were on county property and not the contractor's responsibility.

"So are these driveways on county property," Wiman said, "and you're making the contractor fix them. Just because it's something decorative it doesn't mean it shouldn't be replaced." His plea was denied, as were those of the following: H. E. Whittington, Nellie Parsons, Roy B. Kresser, Demetrius Palastis and Leslie B. Weaver.

## H. C. Stubbs Gets P-TA Award

H. C. Stubbs, familiar for long hours of work with the Lemon Grove Fire Department, Lemon Grove VFW, San Miguel P.T.A. Boy Scouts and Civil Defense was presented with an honorary life membership by the San Miguel P.T.A. last week.

The membership is presented to the person who the P.T.A. feels has contributed most to youth and schools during the preceding year. Max Goodwin, Legislative Chairman of the group, explained the effect of loss of revenue under Public Law 873 and 815. The group approved going on record as opposing the loss of these funds. Approval was also given for purchase of choir robes for the 5th and 6th grade choruses.

Elected to a nominating committee were Ben Schel, principal; Mrs. W. A. Balsley, Mrs. W. B. Bickerton, Mrs. J. E. Bates, Mrs. Donald Johnson, Mrs. Don Newcomb and Mrs. William Ball were named alternates. Mrs. John Englestad presided.

**L. L. HIGH SCORERS BEING TESTED**

Little League Major League coaches are now busy trying out high scoring candidates for positions on the Major League teams.

After March 8, the Minor League teams will be formed from the remaining boys who registered.

## The Dimmer VIEW

(Continued)

State's only invasion at the local school level.

Heg says he thinks the gymnasium seating question is a device by which the State Architect, using the Fire Marshal as pidgeon, is attempting to get the State finger deeper into local school matters.

Heg says this must be stopped.

I'm with Heg.

Them That Has Dep't:

Many business firms charge meals, drinks and entertainment so as to have a better record for Uncle Sam but Joe Papitto and Ray Johnston, owners of the Aztec Fence Company were distressed by the size of their monthly entertainment bills at Michael's.

The lads got their heads together and agreed to cut entertainment costs down to almost a starvation level. They were still spending too much.

They approached Henry Goldy, Michael's owner and asked how the tab could be reduced.

"Just buy half interest in the place and half of what you spend goes to you," Goldy is purported to have said.

According to Joe Papitto, that is how he and Ray Johnston became half-owners in Michael's in Lemon Grove.

The San Diego County Department of Coordinating Councils, with the assistance of various P.T.A.'s, county governmental agencies and Exchange Clubs of San Diego County, published a booklet titled "Laws For Youth".

The 16 page booklet explains that a minor is a person under 21 and a juvenile is a person under 18 and proceeds to set out the laws by which these youngsters are "protected".

A section on employment, for example, covers parts of three pages to become the lengthiest section in the book. After reading it over carefully I can understand why it is getting progressively tougher for youngsters to get odd jobs by which they may earn a little change for the movies, for gasoline, or sodas.

A would-be employer is put to the wheel of governmental red tape when he attempts to hire a youngster part-time. He subjects himself to all sorts of penalties for infraction of the rules—and the rules are a burden on the employer, especially for failure to comply . . . which involves penalties ranging up to \$250 or jail sentences up to six months, or both.

Many youngsters need gasoline money. Sheriff's Deputy Sgt. Robert Ryan told me last week that of all the cars stopped for various traffic violations that are operated by minors, every other car had a gas can and siphon in it.

The siphon and can is in lieu of the privilege of earning spending money.

Minors, some of whom would like a sweep-out job, an errand-running job, window washing jobs, and the like, are not hired because of the red tape that goes with the hiring a youngster. Some of our youngsters are going to get things they consider "necessities" no matter how hard

we make these things to be come by.

I suspect that a little less legislative meddling would overcome part of the problem we toss into the catchall nomenclature "juvenile delinquency".

## Mrs. Nelson Gets M.H. P-TA Life Award

A P.T.A. Honorary Life Membership was awarded to Mrs. Ralph Nelson by the Monterey Heights P.T.A. at the annual Founder's Day meeting last week. Mrs. Nelson has resided in the Monterey Heights area for 10 years during which time she has been active in many youth and community activities. Organizing and leading a Campfire Girls group for 5 years, serving as secretary and mother's auxiliary member for a Cub and Boy Scout group and working with Job's Daughters in this area are some of her contributions to youth organizations in Lemon Grove. Being a member and active worker in several P.T.A.'s in primary and secondary schools in the school district, Mrs. Nelson held various appointed and elective offices. She is also known as an active worker and deaconess in a local church.

The Nelsons reside at 1570 Skyline Drive and have two children, Judy, a student at San Diego State College working for her teaching credentials and Robert, a freshman at Mt. Miguel High School. Mr. Nelson is employed at Convalir, he too has been active in many community affairs.

## Church League Seen For Local Hoopsters

A proposed church basketball team will be considered February 28 when members of local churches meet at the Lemon Grove Methodist Church at 7:30 p.m. according to Jim Banks, Methodist church youth activities committeeman.

Invitations are being sent to all churches in the area asking that a representative be sent. The invitation is directed to the lay leader of each church, according to Banks.

Bon Durant, of the Council of Churches, Mel Grant, and Tom Welbaum, principal and P.E. instructor respectively of Mt. Miguel High School are scheduled to attend the meeting.

All interested persons may contact Banks at HO 9-4307 for additional information.

## La Mesa Starts New City Building

Ground-breaking ceremonies were held Monday morning in La Mesa at the site of the new \$193,474 city administration building at Allison and Date Streets.

La Mesa's Glen Crosbie turned a medium-hefty shovel of dirt to mark the beginning of the end for the out-moded, over-crowded facility at 4751 Spring Street. This building, according to Les Freeman, La Mesa City Clerk, will be sold after the new building is completed. Completion date is expected to be August 12.

The new building, designed by Architect George Hatch, is being built by O. O. & R. E. Maurer.

### County Civic Association To Hear Talk On County Pay Raises

The San Diego County Civic Association meets this week on Thursday at 7:30 at the Flame Restaurant, 3782 Park Blvd.

John Leppert, manager of the San Diego Taxpayers Association will be speaker and he will discuss the recent pay raises the elected county officials voted for themselves.

A Lemon Grove insurance-tax man, A. E. (Bob) Howell is president of the group.

**GOLDEN ANNIVERSARY** — Mr. and Mrs. (Roy and Elizabeth) Crowningshield of 2750 Sweetwater Avenue celebrated their 50th wedding anniversary last Wednesday at an open house in the home of their daughter, Mrs. Stanley (Jane) Whillden, 4238 Sixtieth Street, San Diego, from 1 to 5 p.m. The Crowningshields were married in Colorado Springs, Colorado, February 12, 1908. He was born in Central Falls, Rhode Island. Mrs. Crowningshield was born in Farabault, Minnesota. In 1927 the Crowningshields came to this area and seeing the vacant land along Sweetwater Avenue (Road in those days) decided this was the place for them. Working together, they built their present home.

Mrs. Crowningshield has become one of the noted artists of this area. At one time she taught a class in painting at the Pals and Gals Clubhouse on Troy Street. Both are active in the La Mesa Foothills Art Association. Crowningshield has sung in many choirs and has appeared in American Legion plays.

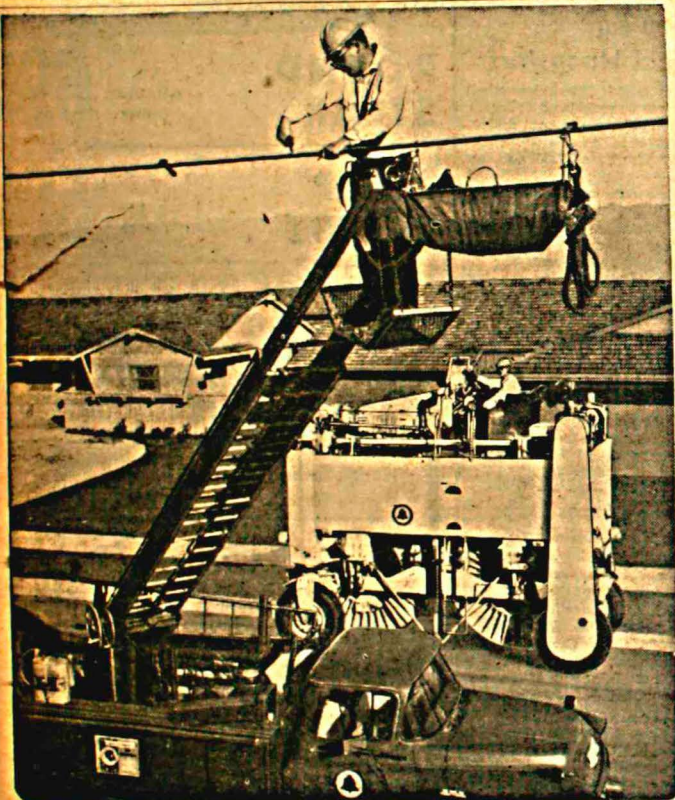

Besides Mrs. Whillden, their family consists of three sons:

a more efficient job in bringing you good telephone service

Behind your phone calls roll a host of trucks. Special telephone trucks. Their job: To save phone men valuable working hours as they expand and improve your service. In the top picture are two of the dozens of different kinds of phone trucks you might see any day in your town. A ladder truck, front, easily helps a phone man like Jim O'Neill put the

finishing touches on a new overhead cable. Or the huge straddle truck behind it helps us shift heavy cable reels as if they were doughnuts. These trucks of many talents do big jobs faster than ever before. They do them better than ever before. All told, they help us do a more efficient job in bringing you the good phone service you've come to expect.

### Fleas Come From Pets, Not Sand

Dr. J. B. Askew, director of Public Health, says he has a solution to the flea problem. A number of complaints about fleas were checked by the Division of

Sanitation and it was determined they were not sand fleas, but cat or dog fleas. The true sand flea cannot bite.

To control these fleas, you must kill them in their habitat as well as those on the animal. Use a flea powder, recommended

by a veterinarian. Treat the animal frequently. Keep the animal's bedding and area in which it likes to lie for sunning or shade free from fleas. A vacuum cleaner can be used effectively. Empty immediately after cleaning. An insecticide can be used.

Spray according to directions. The sites should be treated for a minimum of two to three weeks, twice weekly or longer if they persist.

## Bruggeman Sells Interest In Rancho Markets

Herb Bruggeman, president and general manager of Rancho Market Basket markets announced this week that he had sold controlling interest to a group headed by Charles M. Simmons of San Mateo.

One of the seven-market-plus-four franchised stores chain is in Lemon Grove at the corner of Broadway and Olive Streets.

Lemon Grove at the corner of Broadway and Olive Streets. Bruggeman said he expected to see no change in the orderly operation of the chain as the new owners take over.

Simmons is president of Action Stamp Co. and president of the Simmons Institute of Public Relations.

Associated with Simmons in the venture is Warren O. Wagner, a Pasadena real estate developer. He had developed projects in the Palmdale and Lancaster areas. He has been a successful water developer, too, Bruggeman said.

Bruggeman increased the Rancho chain from a single store at College and University eight

years ago to its present size. Gross sales for the chain were not available.

Bruggeman said he and his wife were planning a world trip after which he would continue to expand his current market interests in Handy Pantry, a string of family-owned, franchised markets, the fifth of which is opening this week in Encanto on Market Street. Bruggeman said the parent organization handles the buying, bookkeeping, money handling, and in fact, provides all the services needed to operate a market for the franchise holder. It would, he said, permit any family group to enter the market business without experience.

Manager of Rancho, replacing Bruggeman who will remain in the firm in an advisory capacity, is Al Murphy, of Sacramento, a former executive with Cardinal Inc. Markets before that chain of 30 merged with Lucky Stores. He later became an executive with Lucky before joining with Simmons and Wagner in the San Diego venture.

### 'Don't Fudge' Warns Hiway Patrol

SACRAMENTO — (Spcl.) Heed traffic signs and signals if you want to avoid traffic troubles warns the California Highway Patrol.

"Traffic signs and signals are definite aids to safe driving if they are obeyed," stated Patrol Commissioner B. R. Caldwell. "Drivers who habitually 'fudge' a little by slipping through a stop sign controlled intersection, jump traffic lights, keep the speed well above the posted limit in controlled areas and otherwise disregard traffic signs are frequently involved in traffic incidents and accidents.

"Traffic signs are the result of studies showing a need for some type of control or direction to avoid congestion or potential accident situations," Caldwell said. "The Patrol enforces the regulations regarding these signs and signals as a cooperative action to insure the effectiveness of these devices.

"Drivers and pedestrians are urged to be alert for traffic signs and signals and prepared to obey them," he continued. "Proper respect for these safety aids will help keep traffic moving freely and with less possibility of accident."

### God's Minute

Poor is he who cannot spend a minute in the shadow of his Lord

REV. BAKKEN

LENT We have just entered into "Lent" which is one of the most significant periods of the Church Year. It is significant because it affords the setting most conducive to spiritual growth. During this forty six day period from Ash Wednesday to Easter, we are to think deeply and soberly about the suffering and death of Jesus Christ. The spiritual benefits of this meditation will not end with the forty six day period. If our observance of "Lent" is really the consideration of Christ's suffering for our sins, we will be radically changed within to become better men, women, boys and girls for the whole year and for the rest of our lives.

## More Facilities Sought For County Welfare

San Diego. (CNS.)—Hopes for construction of a 15,000 square foot building to house the County Public Welfare Department were revealed in the Board of Supervisors meeting last week.

But, Supervisors asked for time to study the request made by T. M. Heggland, chief administrative officer of the county, who had asked for authority to search for space available for lease.

Previous attempts to find space showed none available, and offers to build were only on a lease basis that would have the county paying the cost of the building in 11 to 20 years.

Heggland asked Supervisors for authority to look for the space in southeast San Diego. The Lemon Grove area has been rejected as unsuitable, geographically. At present, the Department of Welfare has 500 employees working in about 30,000 square feet of space. This is more crowded than the County or City of San Diego average. Heggland said the need is in the

southeast at present, preferably on a bus line. In 5 years, another facility, east of Lemon Grove, will be needed, he said.

Supervisors also put off approval Tuesday of the work of the new department head, Homer Detrich. Detrich's year of probation ended Feb. 1. He is the successor of John Mueller, who resigned in middle 1956 after criticism from two grand juries. Detrich was formerly a district director for the Los Angeles Welfare Department.

Supervisors accepted on Tuesday Detrich's suggestion that the allowance for burial recipients of Old Age Security be increased from \$269 to \$344.50. This means that elderly persons receiving state aid may keep \$344.50 in their bank accounts for burial expenses without it interfering with maximum old age benefits.

During the last six months of 1957, a total of 53,518 officers and enlisted students received training at various activities of the Pacific Fleet Training Command.

## Heart Sunday To Be Observed

Sunday is Heart Sunday.

It will mark the high point of the month long campaign to raise \$145,000 for the San Diego County Heart Association's fight against heart disease, the disease which now strikes one out of every 16 residents of this community.

Starting at 1 p.m., 10,000 men and women recruits, led by 600 district captains and 60 area chairmen, will visit throughout San Diego County between 1 and 3 p.m.

Mrs. E. I. Phares, 3409 Washington and Mr. Victor Whitworth, 1709 Englewood Drive, are serving as Heart Sunday chairmen in Lemon Grove.

Last year \$46,070.99 was collected within two hours during the first Heart Sunday ever conducted in San Diego County.

The Heart Sunday volunteer will wear an official "Heart Sunday Volunteer" armband and badge, and will present a printed manila envelope. The household-

er may insert in this envelope a cash or check contribution of any amount, seal the envelope, and return it to the collector.

If no one is home, the volunteer will leave a special envelope pre-addressed to the San Diego County Heart Association in which a contribution may be readily mailed.

Dear Mr. Goodwin:

If anyone has doubts about the Lemon Grove REVIEW being a well read medium of the press — send them to me.

Never can I recall such a volume of response to a newspaper display ad. We were actually packed to the door all day Friday and Saturday.

Since one good turn deserves another, I wish to let you know that such an experience, of seeing a perfect response to an ad has made our third anniversary celebration a huge success and one we will always remember.

How people as far away as the beach areas, Mission Hills, etc. knew of this event certainly is due to your fine job of circulation.

Thanks again for your assistance in making such a success of this occasion.

# LOMITA VILLAGE NOTES

by Edna Rice - HO 9-6832

Parents, did you give your children a puppy or kitten or some other kind of pet for Christmas? By this time, the Christmas pet should have become a regular member of the family. It is difficult not to fall into clichés when speaking of little creatures. St. Francis of Assisi said many hundreds of years ago that these little animals were very close to the paternal heart of God. Buddha centuries before Christ called them "our little brothers." Pedigreed animal breeders advertise their wares in terms of "the only love that money can buy." Well - isn't it? And if the little animals' intelligence may be less than ours, by the same token wouldn't that make their capacity for suffering the greater?

Actually, the care of helpless animals is the best training for responsibility that any child could possibly have. But don't expect your child to acquire the know-how spontaneously. You yourself must teach the child in the care and treatment of pets. But you and your children will be rewarded a thousand-fold by the love and devotion that they will bestow upon you. Kindness must be taught. It pays off. The youngster who is taught to treat little animals with kindness will never in adulthood raise a hand in violence against a fellow human being.

Well, it certainly is good to see Pastor Butcher around Lomita Village again. Every one missed him so much during those two weeks at the big Interdenominational Church Conference at South Bend, Indiana. The Pastor reports that while the first week was given over to music, which he directed, including the choir of 75 voices, during the second week the delegates got down to serious business, and very serious business it was, indeed. While the purpose of the Conference was to expand missionary horizons, the keynote sounded throughout the whole Conference was the problem and threat of Communism. Pastor Butcher reports that it was a shaking experience to hear directly the first-hand accounts of atrocities committed behind the "Bamboo Curtain." He heard returned missionaries describe mock trials and executions, and themselves burying little children who had died in convulsions from being forced to watch the torture of innocent people. The present estimate is that over 75 million persons have to date been liquidated by Communists behind the "Bamboo Curtain." The Pastor reiterated that the dangers of Communism cannot be overestimated. The dangers are very real and insidious, even in our free world. The one bright note in this sombre recital of events was the account of the rehabilitation of South Korea.

Lomita Village proudly welcomes another January baby, Dianne Roberta, born to Mr. and Mrs. Leo Brown, 742 Cardiff St., on Jan. 3rd. The Browns are a Navy couple, and one of the very first families of Lomita Village, having moved in before the gas and electricity were even hooked up. Mrs. Brown was formerly treasurer and recording secretary of the Lomita Village Civic League. We hope that Dianne Roberta will serve her country and her community, in one way or another, as capably and well as her mom and dad.

Still another January baby, Denise Irene, was born to Mr. and Mrs. Robert Barlow of 8115 Guatay Street on Jan. 22 at Sharp Memorial Hospital. This is a wonderful bundle of joy for mother and dad, for brother Donald and sister Frances are 16 and 13 respectively. Mrs. Barlow is a former Girl Scout leader and Mr. Barlow a former Scoutmaster. We hope to get them soon.

Parents, did you give your children a puppy or kitten or some other kind of pet for Christmas? By this time, the Christmas pet should have become a regular member of the family. It is difficult not to fall into clichés when speaking of little creatures. St. Francis of Assisi said many hundreds of years ago that these little animals were very close to the paternal heart of God. Buddha centuries before Christ called them "our little brothers." Pedigreed animal breeders advertise their wares in terms of "the only love that money can buy." Well - isn't it? And if the little animals' intelligence may be less than ours, by the same token wouldn't that make their capacity for suffering the greater?

# GOPHERS CAN DAMAGE CITRUS TREES

Gopher damage to citrus trees is an important loss in many orchards. Now is an excellent time to kill gophers. They usually make new mounds of dirt after rains, indicating where they are active.

University of California Farm Board suggests that where gophers are numerous, poisoned baits are effective. A probe is useful for locating the main tunnels and inserting the poison. Traps are useful in smaller areas and to follow up and catch hard-to-get gophers.

Gophers are one of the most important citrus pests. They chew the bark of citrus trees below the soil surface, frequently girdling the trunk and main roots. This damage can kill even large trees in a short time.

A bulletin with more information on gopher control is available free from the Farm Advisor's Office, Bldg. 1, 4005 Rosecrans Street, San Diego 10.

# THIS WEEK FOOD BASKET'S MARY MORGAN TELLS SUPER SHOPPERS... HOW TO GET MORE DELICIOUS MEALS FROM THESE FAMOUS ECONOMY MEATS

WHAT IS AN  
ECONOMY MEAT?

Mary Morgan  
FOOD BASKET HOME ECONOMIST

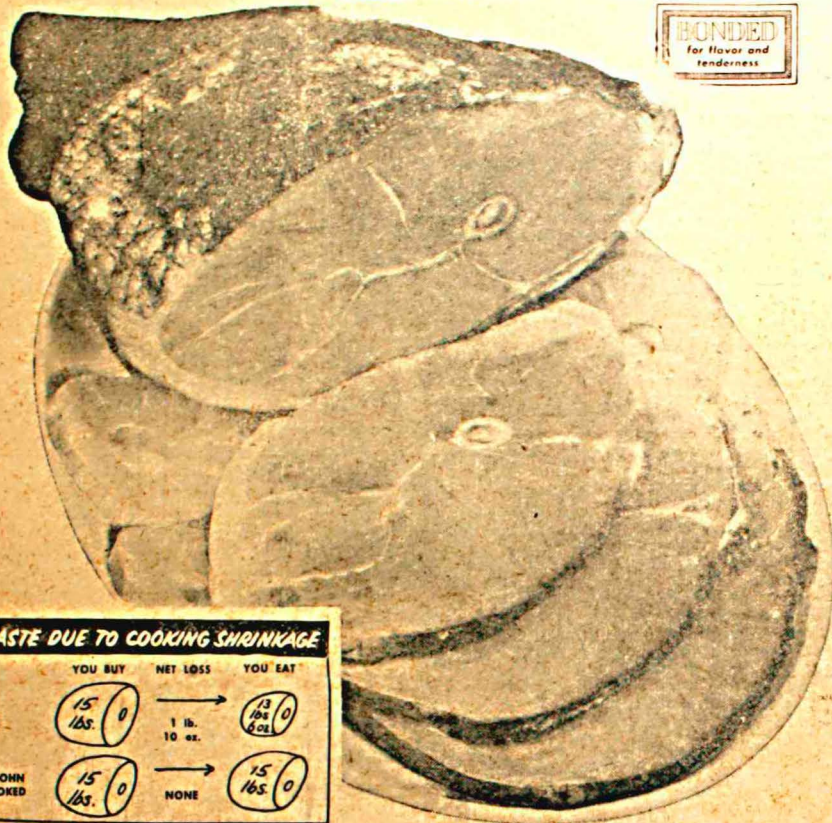

Since there is often much debate in the minds of Super-Shoppers about what constitutes an Economy Meat, it seems wise to analyze just what a so-called "budget" meat really is. Actually, any cut of meat can be an economy meat, depending upon its use to the shopper, and her utilization of it, once it leaves the meat counter.

A meat, at perhaps 85 cents per pound, from which we may first get slices to broil or pan-fry, a large piece left to roast followed by several casseroles from the cooked product and eventually using the "end" for sandwiches and even the bone for soup stock, would certainly have to be considered an "economy" meat, because of the many ways it could be utilized by the shopper. By the same token, a very low cost meat, ranging from 19 to 49 cents per pound, from which a single meal is served, a meal which may not be well received by the family, either from improper cooking or hasty selection, and which eventually ends in the disposal, could not be considered an economy buy at any price—in fact, it would be an extravagant waste. So—we must conclude that multiplicity of use, ease of preparation, time involved, and family acceptance will largely determine whether a meat is an "economy" one or not.

This week's free Recipe of the Week "Barbecued Cross Rib Roast" would certainly fall into the economy classification. Feeding the family or feeding the crowd, this lean boneless roast can be used as your main meal one day with enough left over to be followed by a hearty meal another time; there will probably be a final snack left, (if the original roast was large enough) for the ice-box raid that usually follows the cooking of barbecued roast.

**SPECIAL MARY MORGAN "EXTRA"**  
Don't forget to pick up the "Extra," which gives you a "second-day" meal-in-one from whatever your weekend selection will be—Potato-Burgers from your chuck roast, Hawaiian Hash from your Farmer John Ham, or little Cornish Turnovers from your cross rib roast.
